**COMMENTS :** \_Brian often hosted and organized team meeting. A pleasure to work with and a natural leader.

**Any Comments You Wish To Make:**

Our team worked very well together. We were all on the same page about what we wanted to get out of Capsim, this class, and our college educations in general. We put in the time it took to make the most out of the Capsim simulation. I would highly recommend my team members to any Capsim team leaders looking to hire.
